

Model-Netics WEB Course

MAIN
EVENT
MANAGEMENT

The WEB Model-Netics course is an interactive, web-based version of the Model-Netics Basic Course.

WEB Model-Netics replicates the traditional Model-Netics classroom experience, but in a virtual environment via regularly scheduled webinars.

The Model-Netics WEB course consists of 20 – 1.5 hour sessions which are conducted on a weekly basis.

Course Materials & Services Include:

- Real-Time Course Instruction
- Model-Netics Course Book
- 3-in-1 Model-Netics Memory Jogger
- Online Testing Program
- Archived Sessions available for missed classes
- Model-Netics Graduation Certificates (awarded based upon successful completion of the course)
